THAT GRAMMATICAL no-no, the double negative, is what it sounded like. But it really wasn't.

We are referring to the news story in last week's issue reporting the "do nothing" recommendation made by the traffic consultant firm to the City Council.

The news story explained that the City Council would NOT be content to "do nothing."

Admittedly that sounds like a double negative.

But how else could it be said?

-0-

AS YOU MAY RECALL, Russell C. Pearson & Associates, a Sunnyvale-based concern, last November, was employed by the city and county for a fee of $5000 to study the traffic problem on East Campbell Avenue and make recommendations as to what could be done about it.

The City Council has recognized for sometime that a traffic problem existed on that attractive residential street between Leigh and Bascom and last fall some thought was given to the installation of a blockade at Midway as suggested by Bill Wren, of the public works department.

Residents on adjacent streets, mostly in unincorporated territory, vigorously protested such a blockade, claiming that it would merely move traffic off of East Campbell Avenue onto the other streets in the general area.

County officials sided with those residents and suggested that "Highway 280," which was just opened, possibly would lighten the traffic load. (No such luck!)

The councilmen tabled the blockade but indicated that it would be reconsidered, if the situation did not improve.

But even if the "Midway blockade" did not come into existence last fall, it still served a very useful purpose.

County officials, for almost the first time, recognized that the traffic problem on East Campbell Avenue was not limited to the area between Leigh and Bascom within the city limits of Campbell.

It was the county people's suggestion that the traffic consultant be hired to make a study and present recommendations, with the city and county sharing equally in the cost ($5000).

So that is how the "do nothing" report came about.

-0-

THE "DO NOTHING" traffic study report that Russell C. Pearson & Associates submitted consisted of 23 pages, plus a covering letter.

Which, of course, is just another illustraiton of how complicated things have become in this day and age.

We mean it takes that many pages to make a "do nothing" recommendation?

Holy mackerel, just think how many pages would have been needed, if there had been a positive recommendation.

We appreciate the professional ability of Pearson and we recognize his expertise in the field of traffic.

However, we submit that the report was based on the wrong premise to start with.

Pearson describes East Campbell Avenue as a "subregional arterial serving the high incidence of short trips between residential areas immediately south and southeast of Leigh Avenue and the present and planned high traffic generators west of Bascom Avenue...."

Then he adds, "The route serves an important role in subregional traffic flow. It is therefore recommended that in order to continue to facilitate subregional traffic flow no action be taken to close or divert traffic on that street at this time."....

We think that Pearson was putting the cart before the horse with that statement.

He does not take into consideration the fact that, even

LITTLE LEAGUE---BOBBY SOX

Ball season opens

Campbell Little League opened its 1973 season last Saturday with appropriate ceremonies at the Rosemary field and the Campbell-Moreland Bobby Sox lifted the season's curtain on Sunday at the Castro School field.

A total of 30 teams comprise the Campbell Little League and there are 20 girls' teams in the Campbell-Moreland Bobby Sox League.

The Bobby-Soxers play Monday through Friday at Castro School. The season extends until July 3. Playoffs will be held during the week of July 11 and an all-star team will be chosen to participate in the playoffs leading to the state tournament.

FOR EAST CAMPBELL AVENUE

Council to get 'diversion' plan

Traffic-plagued East Campbell Avenue, between Leigh and Bascom, will become a neighborhood service street without any commuter traffic while median barriers on Bascom will prevent left turns onto the other residential streets in the immediate area.

In addition, traffic on East Campbell Avenue will not be able to cross Bascom Avenue.

In general, those are the main features of the traffic diversion plan that Bill Wren, public works director, said he plans to present to the City Council next Tuesday, May 8, when an informal public hearing will be held on East Campbell Avenue's problem.

(Because of a conflict with a League of Cities session, the Council is meeting next Tuesday instead of Monday, May 14.)

Coincidentally, Wren is acting city manager while City Manager Bob Stephens is on vacation and will be serving in his dual capacity at the May 8 meeting.

At the last meeting when the East Campbell Avenue [illegible] study report was submitted by Russell C. Pearson & Associates, the Council scheduled the informal hearing on the Pearson report.

In the report, the traffic consultant recommended that the City of Campbell do nothing about alleviating the traffic problems on East Campbell Avenue.

However, in setting the hearing date when the Pearson report will be discussed in detail, the City Council also directed that Wren develop a traffic diversion plan to be presented at the same meeting.

In describing his new plan, Wren emphasized that it does not put traffic from East Campbell Avenue onto the other residential streets in the immediate area, one of the main objections raised by residents on those streets that are located for the most part in unincorporated areas.

He said that the median treatment, as well as traffic signals, could be installed on Leigh Avenue in the future.

At the City Council meeting next Tuesday, the Council will award certificates of service to Carl Larson and Milt Howe, planning commissioners who have submitted their resignations.

Citizens interested in serving on the Planning Commission have been asked to file applications with City Clerk [illegible] at the City

Commission starts series of zone change hearings

Beginning next Monday, May 7, the Planning Commission will begin a series of hearings to consider changing the zoning on specific parcels of land throughout the city.

This is being done in accordance with the State law which requires that a city's zoning ordinance be consistent with the General Plan, according to Don Hebard, Planning Commission chairman.

Last year the Planning Commission reviewed the land use element of the General Plan. During this review, the Commission held public hearings throughout the City in an effort to stimulate greater response from the public.

As a result of the hearings, the City Council on October 24, adopted a revised land use element.

According to Hebard, the most dramatic change was the reduction in residential density categories by approximately 2070. At the public hearings, residents indicated their desire for a lower density.

The zone changes that will be effected after the current hearings, will make the zoning map consistent with the general plan as required by the state law. Property owners, if their parcels are affected by any of these proposed zone changes, will be notified.

Art Kee, planning director, urges those uncertain as to the status of their property, or the nature of any rezoning, to contact the Campbell planning department (378-8141).

CAMPBELL ELEMENTARY DISTRICT

Teachers, district continue to negotiate on salaries

Although no tentative agreements have been reached in the long-standing salary hassle between the faculty and administration of the Campbell Union (elementary) School District, indications were this week that the gap had been narrowed.

After a meet-and-confer session on Monday night, a joint statement was issued by the teachers' representative, Carroll Bergdahl and by Jim D'Avis, district superintendent.

The statement was specified that proposals and counter proposals had been made and considered with both sides demonstrating a conscientious effort to reach a tentative agreement.

Another session will be held at 7 p.m. today (Wednesday).

The meet and confer sessions on salary negotiations were set up at the last board meeting.

At the same board meeting, the trustees approved an application for $50,000 in federal funds for a special food service development project that would be established at Parkway School.

According to Pearl Calabrese, food service supervisor, the object of the research project is to learn if there is a better method of serving lunch so that the components will be more readily consumed.

The trustees also went on record congratulating Glenn McQueen, supervisor, and the school bus drivers of the district in recognition of the ex-

ON FLOOR-BY-FLOOR BASIS

Campbell Fire Department conducts unique fire safety program in PruneYard "Towers"

With the full cooperation of the owners of the buildings, a unique floor-by-floor fire safety program for Towers I and II in the PruneYard, has been conducted under the direction of Battalion Chief Dick Bosted, Campbell Fire Department training officer.

Chief Bosted will repeat the program each year.

The objective of the program, Bosted explains, is to acquaint all the occupants with the strategy necessary to avert a disaster should a fire occur.

The program outlines an evacuation procedure that will allow the firefighters to utilize the fire exit stairway to the fire floor and, at the same time, provide a safe egress for the occupants of the buildings.

Chief Bosted points out that the two high rise buildings do not have automatic sprinkler systems but they do have other fire protection devices.

He cited as examples the fire detection and alarm systems and the smoke-proof enclosure with an exit door on each floor.

Bosted thinks that his fire safety program for the two Towers is the only such public education program of that type being conducted in any community. He said that fire departments of other cities with high-rise buildings have requested details and training aids.

The program consists of a lecture and discussion session on each floor with the aid of an expertly prepared flip chart that was designed and drawn by Fireman Mike Johnson.

Attention has been focused on the need for such a fire safety program by the tragic fires that have occurred in New Orleans and Atlanta.

Bosted explains also that the program can be given impetus in Campbell because, unlike the metropolitan areas, there are only two high-rise structures in town and that the management of the buildings has given the Fire Department complete cooperation, which is essential in the success of such a program.

The battalion chief also adds that, unlike hotels or trade centers, the occupants of the Towers do not change daily and thus a safety program of this type can be of more value.

The fire safety program is another of the public information programs developed by the Campbell Fire Department, Fire Chief Gene Borden emphasizes, to give a higher level of service to the community. Chief Borden adds that the department is constantly researching ways to do this.

Both Chief Borden and Battalion Chief Bosted submit that, if there are certain fire hazards inherent in high-rise buildings, then the people who live in those buildings have a right to know what the hazards are, and how to avoid them when a fire occurs.

And that's the basis of this annual floor-by-floor safety program.

FLOOR-BY-FLOOR---Battalion Chief Dick Bosted (right) of the Campbell Fire Department, is completing his annual floor-by-floor fire safety program for Towers I and II in the PruneYard.

With the aid of the flip-chart (pictured), Battalion Chief Bosted lectures to groups as above and holds discussions on each floor (39 altogether) on what to do if a fire occurs, including evacuation via the special fire exit stairway with its smoke-proof enclosure that has an exit door on each floor.

City bike trails

City of Campbell officials have suggested that a meeting be scheduled with the neighboring cities of Los Gatos, Saratoga, Cupertino and Monte Sereno and a representative of the county to discuss a bicycle trail program involving the so-called "Westside."

We think it is a good idea. We sincerely hope that Campbell officials push the idea and that a meeting is held and something definite comes out of such a gathering.

Recently a "status report" on bicycle routes in Campbell was presented to the City Council.

The report clearly indicated that any bicycle trail program in Campbell is practically non-existent.

The point was made in the report that Campbell has adopted a sort of "wait and see" attitude based on an evaluation of what has been accomplished in other cities.

While there may be some merit in such an approach, we submit that it also could delay any program indefinitely.

We feel that there is a definite need for the establishment of a bicycle trail program within the city limits of Campbell.

We concede, of course, that it would be much better to have the cooperation of the other cities on the westside in any such program.

One of the suggestions that was made sometime ago, was to develop a trail that would connect the two campuses of West Valley College (Campbell and Saratoga). That sounded like an excellent idea at the time.

But since the project was first broached, the enrollment at the 10-year temporary campus of the college in Campbell has diminished.

So it may be doubtful that a bike trail linking the two campuses would serve any useful purpose.

However, that still does not negate the need for inter-city bike trails and that is why a meeting of representatives of the various cities on this subject could be worthwhile.

In this "status report" that we referred to, it was reported that the bicycle route project responsibility had been "transferred" from the Parks and Recreation Commission to the Youth Commission.

The Youth Commission, the report adds, accepted the responsibility but, obviously, that body will also discuss the project with the Parks and Recreation Commission and the Planning Commission before any action is taken.

We are not concerned over which city advisory body has jurisdiction on the matter of bicycle routes.

We simply believe that the project deserves exploration, research and study that will result in a definite and practical program for this city.

For example, is it possible or practical to build bike trails along Los Gatos Creek?

At one time this idea was presented and it met with a favorable reaction.

But we have heard no more of it. And there are many other ideas that could be reviewed.

Sometime ago it was pointed out that the Youth Advisory Commission did not have any project that the members could get their teeth into. As a consequence, interest in that commission dwindled.

We sincerely believe that this bicycle trail program has all the necessary ingredients for a civic project of considerable magnitude.

We would like to see the young people pick up the ball in this case and pedal away with it.

Adult support

Youth baseball and softball activities are now officially under way.

The opening day ceremonies have been held; the first ball thrown out and the season is here again.

The routine day-to-day action, so important in the operation of such an extensive program, is now taking place and will continue until late summer.

At the opening day ceremonies with the community dignitaries taking part in the program and with the stands pretty full, people sometimes forget the long grind that lies ahead before the season ends.

But it is a "grind." And it is remarkable that so many adults take part in the activities throughout the summer months. They deserve tremendous credit for their unselfish dedication to this worthwhile recreational program.

With the Little League, Pony League, Colt League and Bobby Soxers, more than 1000 youngsters in this immediate area will be involved this summer.

To operate such an extensive program, an efficient organization of man and womanpower is needed.

So as the 1973 season begins, we wish to commend those adults, both men and women, who by their unselfish efforts make these league activities possible.

if a street by use has become a so-called "subregional arterial," it does not necessarily mean it has to remain in that category forever.

What we are saying, of course, is that a "subregional arterial" can be changed, especially if that type of traffic use isn't desired.

Convenience for the motorist should not be the sole criteria in establishing these "subregional arterials."

And, in our opinion, there is no need for East Campbell Avenue between Leigh and Bascom avenues becoming a "subregional arterial" in the first place, because there are multi-laned thoroughfares already existing.

Ironically, the traffic study report of routes through Campbell showed that the Leigh-Campbell route, when compared with Camden - San Tomas Expressway or Leigh - Hamilton Avenue, did not have the shortest travel time.

Maybe it just looks faster.

SHOTGUN APPROACH IS how we termed a covering letter for a packet of informational material we received recently from the Western Iceberg Lettuce, Incorporated in San Francisco.

Here is the way the letter started out:

"Dear Editor, Recently your publication ran an article on the United Farm Workrs' Union and its leader Cesar Chavez. Regrettably, the article contained much misinformation and we can only assume your background source was the union itself or proponents of the Chavez movement.

"Enclosed are materials which express a different viewpoint on the subject. We hope you will take the time to look them over and perhaps even be inspired, in the interests of good journalism and helping your readers be better informed, to write another article based on this new information...."

The only mention in The Campbell Press of the United Farm Workers' and Cesar Chavez has been a very indirect reference in reporting the voting on the so-called lettuce boycott by the elementary school board.

So we wondered just what Campbell Press the iceberg lettuce people had been reading.

We looked at that letter again.

And that's when we became really upset.

It was a form letter!

Even a different typewriter was used for the address and salutation than the body of the letter.

Unbelievable.

-0-

NOT ONLY WAS THE Press falsely accused of running an article that did not appear, but this same mythical article "contained much misinformation."

That is really stretching it.

That's what we call the shotgun approach.

And we detest it.

In other words, Caryl Saunders, the public relations director of Western Iceberg Lettuce, Inc., apparently went on the assumption that an article had appeared. Without bothering to check it out, he blasted us.

It is a sloppy approach at best and, in our opinion, inexcusable.

Regardless of how we feel personally about the lettuce boycott, the fact remains that this PR director for the iceberg association certainly did not make any points with us.

We wonder how many newspapers received that same accusation.

And we wonder how many newspapers actually had published an article on the UFWU and Chavez.

Now you know why we call it the shotgun approach.

-0-

AFTER ALL THESE years of newspapering, one would think that we would have been exposed to about every type of human behaviorism that exists.

But that is not true.

Hardly a day goes by when something new in the area of human reaction crops up.

For example, during the intermission at a recent Planning Commission meeting, one of the people involved in an application before the Commission snatched a letter out of our hands that had been handed to us by Commissioner Myron Alexander who indicated we might be interested in its contents.

But we didn't get a chance to read it.

It was pulled from our grasp before our eyes could even focus on the type.

The big tug was accompanied by the comment, "The Campbell Press!"

We definitely gained the impression that the party did not want us to read the letter for some reason.

But it was okay for the Planning Commission.

We guess the party forgot that the Planning Commission is a public body.

It was the case of the big jerk.

Letters to the Editor

DO NOTHING SPECIAL

Editor:

I would like to take issue with an article published in the Campbell Press last week: The "do nothing" proposal for the traffic problems on East Campbell Avenue.

According to your reports it cost the city and county $5000 to learn they should "do nothing." In addition, the recommendation came as part of a 23-page report.

Personally, I could have given the city the same recommendation for a much more reasonable price. With a low overhead, and keeping costs at a minimum, by using the backs of my children's school papers and borrowing their crayons...I would have charged the city only $2,000 and summed it up in one page.

This novel new approach to handling civic problems could be of real use, I feel, to many of our local agencies. Instead of the costly studies, floating bond issues and levying taxes we could adopt the "do nothing" approach to each issue.

How to handle the problems of compliance with the new sign ordinance? DO NOTHING.

How to improve the park and recreation facilities within Campbell? DO NOTHING.

How to upgrade our educational facilities and still keep our local tax rate at a minimum? DO NOTHING.

The slogan has a certain catchy ring to it and I can see this movement catching the eye of national leaders. For years many of them have said a lot and done nothing. At last we can have an honest government. The DO NOTHING government. Oh well.. sorry to run on.

I do have one suggestion for the congestion problem created, in part, by the Prune-Yard shopping complex.

Realizing that I am no traffic engineer and that this suggestion comes at no cost...it is probably unworkable but...

How about having the entrance and exits to the Prune-Yard one way only?

Cars entering the center would enter on East Campbell Avenue (with modifications made to the existing "go in any direction" middle lane), while all traffic would exit on Bascom Avenue. It should not take a great deal of adjustment to make that middle lane into a left turn lane (into the shopping center) and it would certainly cut down on the accidents and near misses at that junction.

Now, this is just one suggestion. If I knew what I was talking about I could probably do better.

Name withheld at Writer's request.

Podiatrists stress foot health in special week

"Foot Health is a Family Affair," is the theme of Annual Foot Health Week, sponsored by the Central Coast Podiatry Society and local podiatrists. The period May 9 through 15 has been set aside to encourage good foot health habits for all family members, and to call attention to the important role foot health plays in maintaining overall health, according to Dr. Harvey J. Lampell, local podiatrist.

In children, care of rapidly growing feet can prevent deformities and disabilities in later life. Adults find foot health vital to both work and relaxation, and foot health for the elderly is of significance in preserving mobility - an essential factor in physical and emotional health, Dr. Lampell points out.

Of all the health problems we face today, Lampell said, foot ailments are among the most prevalent. Recent surveys have uncovered extensive evidence of foot conditions among all age groups - from elementary school children to patients in geriatric care centers.

Foot specialists stress that regular foot exams and early diagnosis leading to prompt treatment are the keys to healthy feet. These checkups can also provide clues to the body's overall condition. Various foot disorders - such as dry skin, discoloration, or brittle nails - are often warning signs of diabetes, peripheral vascular and related circulatory or degenerative diseases.

Podiatrists note that foot care is not a part of the generation gap. It ranks as an important part of the health care picture for every family member and the best deterrent to the pain or disability which foot disorders can cause.

Time to remember

by JoAnn Zoller

It seems like only yesterday Kurt, John and Walt Ritter, along with their friend Don Chamberlin, were carriers for The Campbell Press. Recently information has reached "The Press," via Betty Ritter, mother of the Ritter boys, about their present activities.

Kurt and his wife, Ellen, who have one child, Valerie, age two, are now completing work on their dissertations for doctorate degrees. In September, Kurt will be an assistant professor in the Speech Department at the University of Illinois at Champaign, Illinois. At present, he is director of the Students Speaker Bureau at Indiana University.

John Ritter and his wife, Susan, are writing articles while traveling through Mexico and Central America. John will be employed as a high school teacher at the American School in San Salvador, El Salvador Central America, for the coming school year. He is on leave of absence from the Chino Unified School District in southern California. Susan, who was a special feature editor with Courier Graphics, newspaper publishers in Claremont, California, will continue writing during their stay in Central America.

Also traveling, but in a different part of the country, are Walt Ritter and his wife, Jan, who are on their way to New York to work in their chosen profession of drama and music. Both Jan and Walt were with "Starlight Theater" in San Diego last summer in the musical "1776." Walt was graduated from the United States International University, School of Performing Arts, in San Diego, in 1971.

Don Chamberlin, son of Mayor and Mrs. Dean Chamberlin, is now "Doctor," having received his Ph.D., from Stanford University. Don is employed by IBM and is currently being transferred, much to his parents delight, from Yorktown Heights, New York, to San Jose. His wife, Judith, who formerly taught math at Del Mar High School, is teaching in New York. The couple plan to look for a home in the San Jose area at the end of the current school term.

The Press is proud of these former carriers who, incidentally, have set quite a precedent for present ones.

New library service group being formed

Campbell Public Library announced the formation of a new group here last week that will sponsor fund raising activities and help expand library services to Campbell residents.

Anyone interested in joining the new group, according to librarian Dolly Larvick, should contact the library at 378-8122.

Friends of the Library groups offer valuable assistance in many communities, according to Miss Larvick, and in anticipation of the new library building and expansion of library activity in Campbell, the new group is being organized.

Westmont Open Mouth

PAUL & MS. MAUREEN
(Macierz) (Hillyard)

Paul: Oh, it's good to be back! Smell the ink, hear the presses!

Ms.: What are you talking about! Back where? The school library?

Paul: Maureen! Have you no imagination?

Ms.: Paul, if I hadn't any imagination, would I be sitting here talking about it?

H.B. RIDDER STRIKES AGAIN

Last Saturday, the San Jose Mercury and News held its annual H.B. Ridder scholarship contest at San Jose State.

They hold the contest every year for local students who are going to major in journalism.

Representing Westmont were Mark Franks, and Robbie Faulconer.

Results were not known at press time, but we were backing them all the way.

Ms.: I take off one stupid week to be sick from school, and when I get back I get it from Brainy because you haven't written a column.

Paul: The two weeks after you came back you didn't do anything. Besides, what do you mean sick? A journalist lives for his work. Neither rain, nor snow, nor floods, ...

NOR THE SENIOR PLAY

Theatre-in-the-round hits Westmont tonight, and for the next three nights, with this year's senior play: "The Admirable Crichton."

The story is of a rich English family, their servants and how they survive on a desert island.

Greg Mortenson is Crichton, Debbie Holland and Jacqui Williams are double cast as Lady Mary, with Mark Shannon and Mike Thompson double cast as Lord Loam.

This new theatrical experience will be running from May 2-5, with the curtains for 7:30 May 2-3, curtain at 8:00 for May 4-5. Tickets are $2/$1.50 with ASB.

Ms.: At least I don't type with two fingers.

UPCOMING EVENTS NEWS AND GOSSIP

The senior class is broke. Does anyone want to make a contribution?

Paul Macierz won the Sooper "P" of the year award.

Diane Donielson has become unofficial mediator.

Super Rah-Rah Gail Kinley is rumored to have the alma mater tatooed on her.

HOT PEPPERS

Art Pepper is coming to the Big W!

On May 8, there's going to be a big jazz bash in the Westmont cafetorium.

The eminent Czar's All-Stars--Westmont's jazz ensemble--will be playing under the direction of Czar Gary Kenyon.

Featured solo artist is jazz saxophonist Art Pepper.

Pepper is a recording artist, and concert performer who has played with such names as Stan Kenton and Buddy Rich.

If you're a jazz freak, this is one affair you shouldn't miss.

Paul: Look, one of my stories got sent into the district journalism contest.

Ms.: Burp.

EGO CORNER

The Ego Corner Journalistic Excellence Award is this week awarded to Garrick Utley.

The 6'6" jaunty journalist is NBC's weekend principal reporter, and the one and only idol of this column.

Paul: I banish you from this column!

Ms.: We'll see about that next week.

Passing the Buc

by Sandy Mann

As the time rapidly approaches for grades, groans, graduation, and gaiety, the students have planned enough special activities to keep them from their homework at least until mid October.

All kinds of goings on are in the works for the month of May, not to mention all the goings on that the school has no idea are being planned.

Of course, for the SERIOUS students of Campbell High (both of them) their only concern is homework, tests, grades, and lifetime CSF. But for the rest of us bananas who barely qualify for MNA (Mediocre Nothings of America), herewith are things of at least slight interest that have been going on.

TAKE ME OUT TO THE BALLGAME ! ! ! !

I know you'll never believe it, but Campbell's Honor has been avenged! (what do you mean WHAT honor?!) We actually have a winning team! No, really! We do! And not just one game, either. A whole bunch of games!

The Campbell baseball team is doing great so far this season, and though they lost to Camden in a recent fight for first place, I don't worry.

I mean after all, compared to the other sports, we've won everything but the Stanley Cup. It just goes to show you that even though a school may have a mediocre Football, Basketball, Tennis, Soccer, Golf, Track, Roller Derby, Chess, and Knitting team, (just kidding, Guys!) it doesn't mean we can't be number one at SOMETHING.

JR/SR BALL PERFECT FOR SLOBBERING SENTIMENTALISTS

Yes, all you nostalgia freaks, last Friday night was the Campbell High School Junior/Senior ball. It was held at the Palo Alto Country Club, and the band was RAH. The general consensus was that it was pretty good, as far as balls go. No, I didn't go this year, primarily because I look at Senior Balls as something every high school girl should go through so she can say she went to one, or reminisce in her autobiography about it.

I went to Prospect's last year. It was nice, I admit, but not worth a repeat performance. But for all those who went and had a great time and can't wait till next time, I'm glad. I get my jollies elsewhere. Like hockey games. To each his own, I guess.

CALENDAR OF EVENTS

Wednesday, May 2: Take a bath, write your Aunt Mabel in Unice, N.Y., or do your homework for a change.

Thursday, May 3: 2:30 Girls Sports, softball and badminton at Los Gatos, Saratoga and Camden for Track, here, at 3:30 is F/S baseball against Saratoga here, and Varsity baseball and tennis at Saratoga.

Friday, May 4: 3:30 is Track with Westmont (boo, hiss), here. WVAL Swim Finals at Del Mar, and Girls Sports Camping trip (5/4 and 5/6).

Monday, May 7: Write an essay on why you should become a politician if you plan to enter a life of crime.

Tuesday, May 8: 2:30 Girls Sports Softball and Badminton here against Blackfurd, er, Blackford here, 3:30 is Varsity baseball and tennis at Branham, and F/S baseball against Branham, here.

Wednesday, May 9: at 8:00 a PTA business meeting in the Faculty room (allright, all you good, outstanding citizens....)

AND THAT'S IT GANG!

WALKING THE PLANK

My plea this week is for all the poor, deprived women on Campbell High. The boys P.E. department, having a bigger budget than the rest of the school put together, never seems to be lacking anything more annoying than a ping-pong ball now and then, but the girls P.E. department, not being so well endowed, has a little tougher time getting along, if what we see in the locker room is any indication of their financial situation.

There is a crying need for a certain commodity in the girls P.E. locker and adjoining bathroom. But whenever we ask for it, all we ever hear in reply is "No soap", which is precisely what the problem is.

Of course, you can argue that nobody takes showers, but like many others, I used to. However, between the cold water and no soap, we might as well stand under the garden hose for a minute or so.

Where the real need lies is in the bathroom. Yes, at one time there was soap in the dispensers, but now, there isn't a bubble to be found, and it is annoying, and rather unsanitary at times.

Could it be possible that the school believes that girls don't perspire? Well, let me clue you. We not only perspire, we SWEAT, just like everybody else--who has soap to use.

Well, how 'bout it? I have P.E. first period, and if cleanliness is next to Godliness, I know where I'm headed.

CAMPBELL GRADS

Three young people from Campbell were among graduates at Brigham Young University last month in Utah.

M. Scott Calbert, Gregory Lee Hegstrom and Janet Tripp all received their baccalaureate degrees at the commencement exercises.

Lots happening this week... Saw "Dames at Sea" on Saturday night at Old Town. Outstanding performance from Madeleine Hurley and one of the best ever seen here in this city. Miss Hurley is moving to Los Angeles so this will be the last role for her for a while. The spoof on the '30's runs for three more weekends. ....

Several openings this weekend...On Friday night, both "You Can't Take It With You" and "Hello Dolly" make the boards. Saw a rehearsal of "Dolly" with Janis Paige on Saturday and she's a real pro.

The show looks sensational for all aspects: costumes, sets, cast, and the splendid choreography by Steve Merritt. A definite must see. Call the Music Theater box office for tickets, 286-6841. Get them today before they are all sold out.

"...Take It With You" opens at the Saratoga Civic Theater. The Kaufman and Hart comedy will play two weekends. For tickets, call 224-0163.

Stopped in on a rehearsal of West Valley Light Opera's "Applause." They have a large energetic cast who work hard. The choreography by Barbara Valente looks good. It's great to see an ensemble enjoy what they are doing. Mrs. Valente's charm and method of handling people is much to her credit and makes community theater a pleasure. She is something very special.

On Thursday last the local Performing Arts League hosted the California Arts Commission at San Jose State University. Entertainment was provided by members of the cast of "Applause" including Campbell's Jeannie Traina. It was an impressive group of people, all interested in the Arts. Mrs. Robert Kieve from the League was in charge of the arrangements along with Mrs. Barbara Cassin from the Council of Arts.

Community Players will hold auditions for their next play, "Our Town," on Saturday and Sunday at 1:00 p.m. There are many parts available. Norma Dillon will direct the classic play scheduled for July production. The try-outs will be conducted in the Saratoga Civic Theater....Phoenix Productions will host a potluck dinner on Sunday at John Muir Junior High School. It will be a kick-off drive for their summer festival of plays: "Forum," "1776," and "Bye, Bye Birdie."....

G. Leslie Muchmore has been named director for Saratoga's "Fiddler on the Roof." Auditions will be on June 2 and 3 at the Saratoga Youth Center. Call 867-0281 for more information.... On June 3, West Valley will have tryouts for their next production, "Desert Song" at the Saratoga Civic Center. For more info, call 356-6410...

Campbell High School students, who are putting on "Brigadoon" May 10, 11, 12 will also offer "Guys & Dolls" on May 25 and a variety show on June 1.

Weekend Best Bet: "Hello Dolly!" special matinee on Sunday at 2:30 p.m.

Altar Society meets

St. Lucy's Altar Society will meet Thursday, May 3, in the annex of the church, 2350 Winchester Blvd.

Hostesses for the meeting will be Lorinda Warren, Ursula Munzinich, Sophie Lucas, Alice Littleton and Angeline Alario.

The meeting will include the annual election of officers who are scheduled to be installed on June 7.

The society is currently planning a spring salad luncheon on May 24 in Kennelly Hall. The traditional event will include salads and door prizes. For information on tickets, call 378-3331 or 371-0181.

Beta Sigma Phi elects officers

The Xi Nu Alpha Chapter of the Beta Sigma Phi will hold a meeting at the home of Mrs. Kenneth Heilman of New Jersey Avenue, Thursday, May 3, at which the installation of new officers will take place.

Officers for the coming year are Mrs. Betty Hoover, president; Mrs. Jesse Soto, vice-president, Mrs. L. J. Davis, recording secretary; Miss Jean Barton, corresponding secretary; Mrs. David Jones, treasurer; and Miss Roberta Ross, extension officer.

Next on the agenda for the group is a mother and daughter brunch to be held Sunday, May 6, at Luoto's Restaurant, Winchester Blvd., Campbell.

Garden club honors women

Campbell Garden Club will honor the "Women of the Year" at their next meeting on Wednesday, May 9, at the Holiday Inn, 1355 N. Fourth St., San Jose.

The club also celebrates its silver anniversary at the luncheon.

Members meet at the Congregational Church, 440 W. Campbell, by 11 a.m. from where they will proceed as a group to the Holiday Inn.

Parents forum scheduled

A parents forum entitled "How to Live With a Teenager," will be held in the Fellowship Building of the Immanuel United Presbyterian Church, 3705 Payne Ave., Sunday, May 6 at 6 p.m.

Speaker for the forum will be author Gordon R. McLean, whose recent books include "High on the Campus" and "God Help Me, I'm a Parent."

McLean is known in the San Jose area for his work in Youth for Christ/Campus Life and the Drug Abuse Information Service, Inc.

Refreshments will be served following the informal talk.

NEW BOARD MEMBER — Virginia (Mrs. George) Miskulin of Campbell, center, had fun at the annual meeting of the San Jose YWCA, showing a 1925-vintage typewriter to Mr. and Mrs. Chester Root. Mrs. Miskulin, 277 Manchester Ave., is a new member of the YW's board of directors, and Mrs. Root has just gone off the board. This was the last annual meeting in the YW's downtown San Jose building, which is being demolished to make way for a redevelopment plaza. Administrative offices will move to 1066 W. Hedding St.; the residence will close.

Local youth perform in children's jazz cantata

The combined children's choirs of the Campbell United Methodist Church and the children's choirs from the Good Samaritan United Methodist Church, Cupertino, will present the new children's jazz cantata, "100% Chance of Rain" by Walter S. Horsley, on Sunday, May 6 at the 10:30 a.m. worship service of the Campbell church, 1675 Winchester Blvd. It will be directed by Beverly Herrell and accompanied by a jazz ensemble.

The three children's choirs are singing Saturday, May 5, during the Third Annual Interreligious Arts and Music Festival in McCabe Hall at the Civic Auditorium in San Jose at 7 p.m.

Churches join in festival

The Third Inter-Faith Religious Art and Music Festival will be held in McCabe Hall at the San Jose Civic Auditorium, Friday, Saturday and Sunday, May 4, 5 and 6.

The festival, in which most of the churches of Campbell will be represented, will open Friday evening at 8 p.m. with the San Jose Municipal Chorus performing Handel's "Coronation Anthem." At 9 p.m. the San Jose Bible College Drama Troupe will present a play entitled "Voices." The show closes at 10 p.m. Friday.

Saturday's activities include art exhibits, art in action, drama happenings and a children's "art-in." Show hours Saturday are noon to 9 p.m.

Hours Sunday are noon to 5 p.m. at which time the show will close with an interfaith benediction.

There is no admission fee and the public is invited to attend.

Girl Scouts

NEIGHBORHOOD 15

by Erlene Cleveland

To commemorate "Keep America Beautiful" day recently, several troops from our neighborhood cleaned up, raked up, scraped up in and around Campbell.

Brownie Troop 827 gathered together to clean up the Hazelwood School grounds and carted away bags and bags of rubbish. Their leader is Mrs. James Robb.

Cadette Troop 55, under the guidance of leader Mrs. Lloyd Englebrecht, participated in "Trail Days," in which they repaired trails, cleared away weeds and carted away garbage from Big Basin State Park.

Brownie Troop 609 held a Mother's Tea recently and presented a special song for their mothers entitled "Hello, Mommy."

Junior Troop 1047 and Brownie Troop 609, both from Bucknall School, are planning an intertroop fly-up ceremony for sometime in the month of May. Third grade Brownies will pass up to the Junior level of scouting in a bridging event which will include the flag ceremony and entertainment from both troops, as well as refreshments. The new junior scouts will receive their Brownie wings and the Girl Scout membership and year pins.

Brownie troop 609 is led by Mrs. James McKenna and Junior Troop 1047, Mrs. Ernest Bedard is leader.

OUR TOWN

by JoAnn Zoller

"Fly a doughnut" might be the new slogan for the Kopper Kettle on Winchester thanks to JEANETTE WATSON who decided to fly some of the shop's delicacies to her friends, two former Campbellites, LT. COL. DON and JEAN (SMITH) WINSTON.

The Winstons, who now reside in Honolulu, had mentioned to Jeanette during her recent visit with them that the donuts were one of the things they really missed from "back home."

Soooo...three dozen of the assorted goodies were tenderly wrapped by Jeanette's mother, Mrs. Jennie Gomes, and placed for delivery, in the care of Jeanette's sister, JEAN GOMES, and her brother and sister-in-law, MR. and MRS. JERRY GOMES, who were winging their way to the islands for Easter vacation....

Other Easter vacation visitors to the islands were GORDON and JOANNE MARTIN and their children, David, Andrea and Deanna. A party was held at the home of relatives in Honolulu for DEANNA, who celebrated her seventh birthday while on the trip....

MRS. JENNIE GOMES of Equestrian Way, recently attended a reception at San Jose State University for the Dean's Scholars. Her daughter, JOAN GOMES, has been added to this honored list. Joan is a senior and will receive her Bachelor of Science degree in June....

MRS. MILDRED MYERS of Latimer Avenue had an especially happy Easter holiday with a visit from her son, Midshipman JOHN D. MYERS, U.S.N., who is attending the United States Naval Academy at Annapolis. John is a 1972 graduate of Campbell High School....

ROBERT TURK, principal of Rolling Hills elementary school and RALPH DILL, principal of Cypress school, recently participated in a two-day seminar of the National Institutes for Secondary School Administrators in Palo Alto, California. The subject under discussion was individual learners....

Welcome to Campbell's newest member of the fire department, RAY RIVERO of Tobias Drive. Rivero, who was formerly a fireman with the California Division of Forestry at Belmont, was chosen over 395 other applicants for the position.

Incidentally, firefighting is almost a tradition in the Rivero family. Ray's father, RAY RIVERO, SR., is a lieutenant with the San Francisco Fire Department, assigned to Engine Company 32....

A picnic with all the fun activities that go with it like kite flying, baseball and frisbies, is planned by the junior high group of the IMMANUEL UNITED PRESBYTERIAN CHURCH this Saturday afternoon at Vasona.

An interesting meeting is also planned by the church's COLLEGE AGE FELLOWSHIP on Sunday, May 6, when the group will hear a talk from two former Peace Corps volunteers, who will be showing slides and discussing experiences they had while working in Nepal, a small country between India and Red China.

The meeting, which is open to the public, will be held at 7:30 p.m. in the Fireside Room of the Immanuel United Presbyterian Church, 3705 Payne Ave....

Two of Campbell's men's clubs have announced their slate of new officers for the coming year.

The Kiwanis Club officers are REX JEFFERS, president; FRANK MEISS, vice-president; PETE EDWARDS, secretary, and EARL HALL, treasurer. Directors for the group will be PHIL BAKER, JIM CASBY, JIM CASSIDY, LEON FOLSOM, JOE GEIST, HARRY MAYFIELD and ED TAYLOR with HARRY COLBY, VERN LaMAR and LLOYD NELSON as alternate directors.

The election was held Tuesday, May 1. Formal installation ceremonies will take place in October.

The Rotary Club held their election Monday, April 30, at which the following members were voted into office: MARV BAMBURG, president; JIM MORELAND, vice-president; EV CLARK, treasurer; JOHN LAWS, secretary, and RAY CASTELLO, sergeant-at-arms, with MONTE SCHWARTZ as his assistant.

Members of the new board of directors are JIM MORELAN, club service; JACK SMREKAR, vocational service; RICHARD DAVIS, community service, and MIKE CAHN, international service.

"Debunking" ceremonies for old officers will be held at the last meeting in June and new officers take office July 1.

VIKING HURLER---The West Valley College pitching staff saw a lot of action last week against Marin as five pitchers threw for the Vikings in their 10-9 win over Marin. Joe Alvarez, a product of Campbell High, tossed an inning in the win but turned in a pair of fielding gems in his three out performance. Alvarez made a good play on a swinging bunt to start the inning and ended things by fanning the last hitter and tagging out a runner trying to score when the third strike was lost by the catcher.

BASEBALL

When a team uses five pitchers and gives up nine runs, it doesn't seem like they'd have much of a chance to win a baseball game--but they do if they score 10 runs. And that's exactly what the West Valley College Vikings did last Thursday against Marin.

The Tars, second place in the Camino Norte Conference carried a 9-6 lead into the eighth inning. But a four run eighth turned the trick for the Vikes.

The win, along with a 13-2 win over DeAnza last Saturday, boasted WVC's league record to 13-4 and gave them a firm lead in the Camino Norte Conference.

West Valley will battle a pair of second division clubs this week as they fight for a title clinch. Tuesday the Vikes visit Skyline before hosting Solano Thursday at Central Park in Santa Clara.

At one time the Vikings and Dons were close last Saturday but big WVC rallies in the third, sixth and eighth

Gene Litle (Mitty), although he was touched for nine hits, went the distance on the mound for the Vikes and allowed just two lone runs. West Valley played errorless baseball behind him.

Three home runs gave Litle all the support he ever needed in the game. Roger Cantrell (Branham), Mitch Vierra (Westmont) and Jeff Lauro (Bellarmine) each scored one out for WVC. Vierra ended the day three for five with three runs-batted-in and Lauro was three for four. Mike Martin (Branham) drove home three for WVC. Bob Nickeson (Prospect) had the Vike's only other extra base hit, a double.

TENNIS

It will be the last dual-match test of the season for the West Valley College netmen this week when they host Santa Clara University.

The Vikes recently ended their Camino Norte Conference year with a 5-3 record.

Only Dan Horgan (Santa Clara) and Ernie Woods (Westmont) could find the victory formula against the Canada Colts, winning at number two doubles.

West Valley will compete in the league finals Thursday, Friday and Saturday at DeAnza with the action starting at about 1 p.m. the first day.

SWIMMING

The Vikings went from an easy number one spot in the Camino Norte Conference finals one weekend to the number five spot in the northern California finals the following weekend.

The top place the Vikings could muster was a relay fourth. But to get that fourth a quartet of Vikings had to team for a 3:45.9, the fifth best time in the state this year and a school record by more than two seconds.

Thursday, Friday and Saturday the biggest delegation a West Valley swimming team has ever sent to the state finals will head for Foothill College in Los Altos.

Bill Albertson (Los Gatos), Todd Hancock (Camden), Mark Lord (Wilcox), Steve McFarland (Branham), Charlie Porter (Del Mar), Dan Reed (Prospect), Tom Riley (Prospect), Steve Venuti (Saratoga), Don Vierra (Campbell) and Kim Watson (Camden) have all qualified in more than one event for the state meet.

GOLF

A pair of victories last week helped the West Valley College golfers hold their share of first place in the Camino Norte Conference title chase.

The Vikings, now looking ahead to the conference tournament next Monday, May 7, on the Sonoma course in Santa Rosa, whipped Skyline 33-21 Tuesday and came back to top Alameda 52-2 Thursday.

Three Vikings broke the 80 mark and four successfully defeated their individual foes in the win over Skyline. John Zetterquist (Del Mar) led Viking players with his 75 but close behind were Todd Styron (Camden) at 76 and Jim Burke (Los Gatos) 77. Jim Dow (Del Mar) carded an 84 to whip his opponent. Frank Panetta (Saratoga) came home at 82 and Terry Houghton (Saratoga) ended at 84 but both lost to their foes.

Against Alameda four Vikes broke 80 and all had little to no trouble whipping their individual opponents. Dow was low at 75 and Houghton had a 76. Rick Scott (Buchser) and Panetta each logged 79's. Burke and Dameron were barely over 80.

CUPCAKE QUEEN --- Little Jennie Barnett was an enthusiastic booster of the Minor Mothers Bake Sale at the Campbell - Moreland Bobby Sox league opener last Sunday. Close to $100 was raised by the sale. With Jennie, from left, is her mother, Elaine Barnett and M. J. Loupe, bake sale chairman.

INTRODUCING --- Campbell Mayor Dean Chamberlin (five from left) was on hand to help with the kick-off ceremonies for the 1973 Campbell-Moreland Bobby Sox League. Honored guest for the day was Olympic Medalist Steve Barnett (fourth from left with his daughter). Also pictured are members of the league board of directors (from left) Dick Desparious, Derry Kirschman, Carol Casteel, Verda Nutter, Estelle Casey, Don Wedel, Gen Silva and Virginia Kirschman.

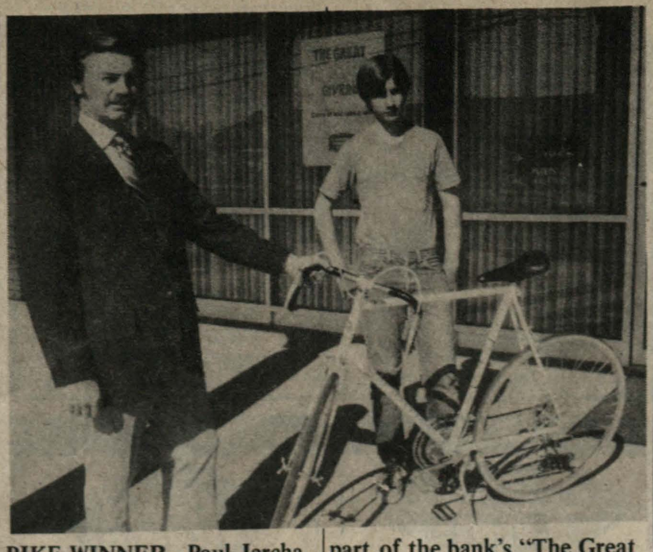
BONES DISCOVERED

With the grizzly finds being made in the Santa Cruz mountains recently, when a Campbell student found some skeletal remains in the Saratoga Springs area last week, his concern was understandable.

He brought the remains to the Campbell Police Department for identification.

The remains? A deer.



BIKE WINNER—Paul Jercha, 14-year-old son of Mr. and Mrs. Richard Jercha, 1272 Lorilei Ct., proudly shows his new bicycle to Brian Dunnigan, manager of California Canadian Bank in San Tomas Plaza. Paul's bike was won as part of the bank's "The Great 10-Speed Bicycle Giveaway" drawing. Bikes are still offered by the bank, according to a spokesman, for depositors who wish to acquire them in lieu of interest.

Teachers interested in exploring the possibilities of setting up a group at their respective schools should contact the Hiking Club at 409 E. Hamilton Ave., Campbell 95008, or call 374-3311. Office hours are between 3 and 6 p.m. Monday through Friday.
